

ALEXANDRIA.

SATURDAY EVENING, JULY 27.

At a recent meeting in Halifax county, at which Gov. Peirpoint spoke, Mr. T. S. Flour noy spoke also, in justification of the late "co-operative movement" for a coalition with is reported as "alluding to the silly rumor which has been circulated by designing and unscrupulous men, that the white men of the South were planning again to enslave the blacks!" We refer Mr. Flournoy to the recent speech of Mr. Botts, at Culpeper Court House, as reported in the newspapers, and to what he said about the "planning" and those engaged attention of Gen. Carlin, Assistant Commisin it, on favoring it. These gentlemen seem to sioner of the Freedmen's Bureau, he directs differ in their opinions on the subject. Mr. | the Sub-Commissioners to instruct the freed-Flournoy is right in the matter-however men to vote as they please, and to keep an exwrong he may be in his present course, and act record of all cases of dismissal. however most sincerely do we regret to see him, without necessity, and against, as we believe, right, and justice, and consistency, and policy, adopt the position he has taken.

It appears that the proposed Radical coalition meeting in Richmond is to be a kind of "mass meeting" where any body can "go in, who will support the Radical party-in which permission, we suppose, the co-operationists are included. Whether they are to take a "back seat," or te allowed to "show their heads above water' remains to be seen. They are, at last, only on "probation," and it depends upon how they behave towards the Hun nicutt faction, and the Botts wing, as to their being tolerated for a moment. This makes us fear that having "gone in" and joined the Radicals, the worst of them may be equally as intolerant bereafter, as their allies. The Radical leaven may leaven the whole lump.

The Washington Chronicle deprecates the nomination of a candidate for the President ship at this time, and thinks many of its Rad ical contemporaries are "crying their wares rather prematurely." It significantly con cludes with informing its friends that when the proper time comes the Radicals must see to it that "none but a true and unswerving friend of freedom and the Union, as it understands and interprets these words, be nominated." Altogether the article is no Granty. But, it will all be right in due time Grant will be the man, notwithstanding the evident reluctance of many of the ultras, to take him; and the Chronicle will support him.

The President of the "Grand National Council of the Union League of America.' gives notice that as "a traitor in Tennessee has divulged the pass word of the order, with some other portions of the work," it has become necessary to change the same; and he notifies the members of the Leagues, that, until then, "each State and each subordinate council will, by order of its president, adopt a special local pass word, to be given only to members who are known, or vouched for as truly loyal men These are the "Leagues" that have been or ganized among the colored people all over the South.

The question as to whether the session of Congress just over was the second session or : continuation of the first session of the Fortieth Congress is brought before the First Comptroiler of the Treasury to decide. Upon the decision of this question, through the working of the tenure of office law, it seems, rests the period at which a number of important civil officers will lose their positions, not having been confirmed by the Senate, and also to whether certain offices will not have to remain vacant for the reason that the President has no power to appoint during the recess.

The District Court of Virginia, commenced its session at Richmond, yesterday. Judge Underwood, in his charge, said the grand jury would have a new class of cases before them, in which illegal registration would be charged. He urged moderation, as many had registered upon the strength of the Attorney General's opinion, and that of the district commander, and had not intended to commit perjury .--"If any were presented it should not be the ignorant, but the prominent men who knew

"I look upon Mr. Johnson," said Senator Wilson, in his speech at Saratoga, "as I look upon Bull Run. It was a great lesson to the country." He says that now the Radicals "will go farther than they ever would have gone before."

Richmond is full of rumors about changes of city officer, and it is understood that the military authorities are about to make many new appointments.

An attempt was made this week, to pass cooperation Radical resolutions at a meeting in Fluvanna county-but it failed. The cooperation resolutions were laid on the table.

ARREST.-A few days ago a young man from Mt. Jackson was lodged in our county jail, by order of one Graham, an assistant Register &c. It appears that this young man was looking into a window of the room where the Registration for the 5th district was going on, when he was very insolently and peremtorily ordered from the window .-Not deeming this the proper treatment he remarked by way of retaliation, that he, Graham, was no gentleman, &c., and retired. During that evening he met Graham on the street in Mr. Jackson, and by way of gratuitous information, informed said Graham that he was "no gentleman, and also a dirty, cowardly puppy," &c., or information to that effect. Whereupon Graham forthwith proceeded and issued a warrant for his arrest, upon the ground of having his life endangered by threats, which, our informant says were never made. The warrant under which the arrest was made further directed the jailor to receive the prisoner without bail, and to execute a bond in the penalty of a thousand dollars for the safe keeping of the prisoner .- Shenandouk

The parties are Norman and Banford, two of the leading minstrels in Newcomb's band. They came over from England together a few months since, and were fast friends until a few days ago, when they quarrelled. Banford entered a billiard saloon vesterday, and going up to Norman, drew a pistol, and aiming at his breast, said, "You his bed-clothes, and wearing appared. must retract before I count three, or I shall shoot you - one, two, three!" Norman refused to retract and Banford fired, the ball pass ing through his enemy's left breast, just below the heart, inflicting a wound that will probably prove fatal. Banford was arrested at once.

Scenes in Tennessee. - A tragedy occurred near Union City, Odin county, on Monday. A colored man broke jail in that town on the preceding Friday and repaired to the residence of an aged and highly respected widow lady named Chatham, outraged her person and then fled. Two sons of the injured woman followed the wretch to Hickman, Kentucky, arrested him, and taking him back to the scene of the outrage, shot him dead and severed his

Although everything is quiet now, hardware stores are being extensively patronized, and firearms of every kind are being extensively purchased by both whites and blacks.

A special dispatch to the Banner reports that a collision occurred in Knoxville on the 26th, resulting in the wounding of two colored men. Mr. Blair was addressing the Conservatives and the meeting was frequently interrrupted by colored men who cheered for Brownow. Toward the close of his speech a fight commenced in which eight or ten shots were fired, resulting as stated. On learning the news at the colored church, two hundred colored men formed in procession, and were proceeding to the scene of disturbance, when they were met by an agent of the Freedmen's Bureau and the police, who persuaded them from the sale of the wheat and corn raised on to desist, thus preventing a bloody riot.

SURRATT'S TRIAL.-The testimony in the Surratt trial has at length closed, except that the counsel on both sides have reserved the right to offer certain evidence as to character. Judge Fisher yesterday delivered his opinion upon the admission of testimony offered yesterday relative to the telegraphic communication between Washington and Elmira, in April 1865, and the running of trains between New York and Washington on April 15.
